SAN DIEGO CITY COLLEGE
STUDENT SERVICES COUNCIL

November 1, 2012
1:00 – 2:30 p.m.
Conference Room B-104

Summary

PRESENT:  Debbie Berg, Dotti Cordell, Helen Elias, Marilyn Harvey, Mary Jane Kruse, Cathi Lopez, Kathy McGinnis, Bonnie Peters, DeeDee Porter, Star Rivera, Megan Soto, Peter White, Debra Wright-Howard

STAFF:  Desiree van Saanen

I. REPORT FROM DISTRICT SSC

Health Services Master Plan - At a meeting with Lynn Neault, Student Services Vice Presidents discussed the disparity in health and mental health services across the district. To address this inequity, a Health Services Master Plan will be developed, which will outline common expectations and a funding allocation model that is informed, fair and linked to student demand. Under the plan, protocols for fees, doses, and procedures will be standardized per agreement of the three college Health Services Directors. It was noted that having a fair, equitable and standardized system will ultimately benefit students.

AB 2171 – The bill authorizes districts to deny/permit enrollment or limit enrollment to individuals expelled from community colleges for committing unlawful acts that present a threat to the safety of others, if committed within a five-year period. AB 2171 also authorizes community colleges to share information regarding students who have been expelled for acts of violence. Expelled students in this situation OR who are convicted of the same during a given semester would be required to attend a hearing that would determine their enrolled status. It is important to note that the law does not require colleges to share information. It simply allows them to share information.

VP White will look for a statewide repository for this info. It was noted that student cases/information is currently shared through the regional VPSSs.

All-Counselors Workshop – The next All-Counselors Workshop is scheduled for Friday, February 22, 2013, 8:00 a.m. to 12 noon at Mesa College. The workshop will focus on the new changes to district policies and statewide legislation, as well as how the changes will impact students and internal processes. Counselors will also review enrollment priorities. It was noted that the new priorities must be presented and approved by governance constituents before they become policy. It was further recommended that similar workshops be provided to Student Services supervisors and managers.
I. **SB 1440 DEGREES**

Bonnie Peters indicated that there is only one TMC student from City College thus far for Fall 2013 transfer in one of the new degree areas; however, there are more students that are pending completion of paperwork. Helen will follow up with the status of these students. Peter will confirm with Randy Barnes the status of TMCs currently pending approval. It was noted that Miramar has identified 12 TMC students; Mesa College has no TMC students at this time.

II. **STUDENT SATISFACTION SURVEY**

Campus-based researcher Xi Zhang provided an interactive presentation highlighting the results of the 2012 Student Satisfaction Survey. The PowerPoint of the presentation should be posted on the District Institutional Research website this week. Reports developed from each survey will also be posted. It was noted that broadly-stated overarching questions received positive marks.

Council discussed reviewing the 2009 Point of Service (POS) surveys to determine whether there are specific areas/departments that require additional surveying.

III. **M BUILDING REMODELS**

VP White reported that the first internal changes have been incorporated. He will send out the latest floor plan of the M-building (top floor), which consists of a conference room, workspace for clubs, deans office, and two meeting workshop rooms (w/ divider). VP White confirmed we will hold a field trip to Mesa College to look at the design and functionality of the new Student Services building there.

IV. **A-BUILDING REMODEL**

VP White will redistribute the proposal once more for last changes. He will arrange a meeting for A-bldg. residents to review the proposal together and to share information on Mesa’s remodel to insure City’s facilities are up to the same standard.

V. **PROGRAMS & SERVICES**

Athletics – Kathy McGinnis announced that the City College Athletics Department raised over 1,500 lbs. of food for the student food bank. In addition, she secured $500 from AFT toward this year’s “Shop With a Jock” fundraiser, that benefits families in need during the holiday. She hopes to raise matching funds through local fundraising.

Next Meeting: Thursday, December 13, 2012.
