

12th Annual San Diego City College Student Project & Research Symposium

April 20, 2017

Dear Students, Campus Colleagues and Community Friends:

It is my great pleasure to welcome students, faculty, staff and the community together to celebrate the San Diego City College Annual Student Project and Research Symposium. This "Celebration of Student Excellence" is a campus-wide event recognizing the outstanding achievements of our students and the dedication of our faculty to student success.

Each year the Symposium exceeds its success from the previous year in attendance and participation. For the second year, the Symposium is presented in conjunction with the College's annual Community Open House Day. For 2017, 200+ students representing more than 40+ academic majors, showcase their best work through 80 poster presentations, numerous oral presentations, radio/TV excerpts, PowerPoint presentations, spoken word, performances, demonstrations, and Fine Art displays.

I welcome you to explore and learn more about our College mission and values, and come to know why our campus community is so proud of our students. Although we come from different places, we join together here at City College focused on one goal: student success. Collaborating together, the City College Symposium melds the extraordinary efforts of faculty mentors and hard-working students to create a body of research work with endless possibilities for advanced studies across many disciplines.

On behalf of our entire college, I commend the Symposium Committee, volunteers and staff for the planning and collective efforts in bringing this signature event to life for the campus and community to enjoy.

Sincerely,

A handwritten signature in black ink, which appears to read "Denise Whisenhunt". The signature is fluid and cursive, followed by a long horizontal line extending to the right.

Denise Whisenhunt, JD
Interim President
San Diego City College
