WHERE: **Room M-202**

Walk-ins Welcomed!

California State University applications: Log on to CSUmentor.edu

University of California applications: Log on to UniversityofCalifornia.edu

In order to best assist you, we recommend students begin calculating their GPA by using our GPA calculator at sdcity.edu/transfer, click on "GPA Calculator" to download the GPA Calculator Excel sheet. List all CSU and UC transferable courses (most 100 level courses taken at SDCCD*). We recommend you create a separate GPA sheet for each campus you have attended. For example if you have taken transferable coursework at Mesa College, Southwestern, and Grossmont you would create a separate sheet for each college/institution.

*Check the SD City Catalog course descriptions
