Using computers to improve lives

Free! “Digital Literacy” training available here!

Ask me about using a computer for the following:

☑ Creating documents and presentations, including using WORD, EXCEL and POWERPOINT

☑ Working with pictures, video and music

☑ Safely using the internet to find information, while protecting your privacy

☑ Creating an e-mail account

☑ Applying for college, finding a job or accessing health and finance services

This program is supported by the following:
