# VAMP

(Visual / Audio Monologue Performance)

## HOLLER IF YA HEAR ME!

*Do you understand the words coming out of my mouth? Have you ever struggled to be understood? We all want to be heard. But to be really understood-- to have someone "feel" where you're coming from-- is powerful. When have you felt the need to holler in order to be heard? When have you felt empowered to speak your truth, even when no one wanted to listen? When have you felt heard in your homes, communities, at work, at school? Write about a time when you had to stand up and speak out—or wish you had. Tell your story, your way. VAMP WANTS TO HEAR YOU HOLLER! The theme is loose, the stories are solid.*

### WHAT IS THE VAMP SHOWCASE?:

- A highly-produced multimedia storytelling show in front of a live audience that love true stories like clowns love scaring children.
- Participants are chosen through blind submission by a jury of peers.
