San Diego City College Academic Senate Resolution

Endorsement of the “Millionaires Tax initiative”

Resolution introduced by Prof. Arnie Shoenberg, Adjunct Senator for the School of Behavioral & Social Sciences, and Consumer & Family Studies

Endorsed (second signature) by Prof. Justin Akers – Chacon, Academic Senate Secretary

First Reading: 3/12/12

Second Reading: 3/26/12

Results of vote on 3/26/12: For – 14, Against – 0, Abstentions - 5
Text of Resolution:

Whereas; the purview of the San Diego City College Academic Senate includes institutional planning and budget development.

Whereas; classes and campus services have been cut drastically because of budget shortfalls in recent years.

Whereas; the Millionaires Tax is one of several ballot initiatives this year that promises to increase taxes and provide revenue for San Diego City College.

Whereas; the Millionaires Tax is the least regressive tax initiative, and will not increase taxes for the faculty, staff, or students (who earn less than a million dollars a year).

Whereas; the Millionaires Tax has consistently polled higher than other tax initiatives and is the one most likely to pass.

Therefore let it be resolved; the San Diego City College Academic Senate supports the Millionaires Tax ballot initiative.
