Interested in becoming a community-supported agriculture shareholder? As a CSA shareholder, you make a commitment to help support a farm by prepaying for a share in their weekly harvest. At Seeds@City, we'll have your CSA share ready for you to pick up every Thursday morning between 9:30-11am. Our CSA shares ($20/week subscription) contain organic vegetables, fruit, herbs and flowers grown here on campus and picked that morning by City College students, staff, and faculty.

**Fitness Tips**

**Six Tips for Increasing Your Water Intake!**

If you want to make sure you are getting enough liquids, increase your water intake. Provided are some helpful tips:

1. If you are hot, cold water will better cool your body than room temperature water.
2. If your tap water tastes bad, try a water filter or bottled water for a consistently pleasant flavor.
3. Keep a filled water bottle by your side at work and take water breaks instead of coffee breaks.
4. Stock your refrigerator with a pitcher of tap water or carry bottles of spring water or sparkling water with you. For added flavor, add lemon slices.
5. Carry a bottle of water to the gym so it will be ready for fluid breaks. To keep it cold and refreshing, wrap it in a towel or keep it in a small cooler.
6. If you workout in hot weather, especially if you bike, you can drink from a water bottle that has been stored in the freezer. Water will thaw in the heat at about the same rate you want to drink it during exercise.
