### Design Status

#### Humanities & Business Tech General Purpose Classroom Building

- **Project Title:** Science Building
- **Project Budget:** $54,389,900
- **Architect/CM:** HED/Rudolph & Sletten
- **Design Status:** CD
- **Percent Complete:** 95%
- **DSA Stamp Out:** DSA Submitted on 5/5/10, ETA 4/15/11

**Description:** The design team has completed the response to the DSA comments, and the resubmittal design package backcheck appointments have been held for Access Compliance. Structural and Fire Life Safety comments have been addressed and were submitted to DSA on January 18th. A DSA backcheck appointment was scheduled for March 30th to review the Fire Life Safety comments, however due to scheduling conflicts with DSA the Fire Life Safety backcheck appointment was pushed to April 1st. At this meeting, the DSA plan checker cleared most of the remaining comments, however Fire Life Safety was not fully approved. The design team has submitted documentation and responses to address these outstanding comments, and they are awaiting DSA response. The project team is in the process of developing the bid packages in anticipation of a bid advertisement once DSA approval has been achieved.

#### General Purpose Classroom Building

- **Project Title:** Science Building Rendering
- **Project Budget:** $54,389,900
- **Architect/CM:** HED/Rudolph & Sletten
- **Design Status:** CD
- **Percent Complete:** 95%
- **DSA Stamp Out:** DSA Submitted on 5/5/10, ETA 4/15/11

#### Science Building Rendering

- **Project Title:** Science Building Rendering
- **Architect/CM:** HED/Rudolph & Sletten
- **Design Status:** CD
- **Percent Complete:** 95%
- **DSA Stamp Out:** DSA Submitted on 5/5/10, ETA 4/15/11

### Infrastructure

- **Project Title:** Infrastructure
- **Project Budget:** $10,000,000
- **Architect/CM:** UMEC/DEC Engineering
- **Design Status:** CD
- **Percent Complete:** 95%
- **DSA Stamp Out:** DSA Submittal ETA 4/14/10, ETA 3/24/11

**Description:** The Central Plant Building DSA is complete, and was submitted to DSA on 4/14/2010. DSA has approved the design documents for the Central Plant, however due to chilled and hot water piping attachments to the L Building DSA was reluctant to stamp out the Central Plant design documents until the L Building Renovation project is Certified by DSA. The District architect has negotiated with DSA to allow stamp out of the Central Plant project while the L Building is under review for Certification. It is anticipated that the Central Plant building phase of the project will be able to start within the next 2-3 weeks.

### "A" Building Renovation

- **Project Title:** "A" Building Renovation
- **Project Budget:** $28,928,250
- **Architect/CM:** MDWF
- **Design Status:** Programming
- **Percent Complete:** 95%
- **DSA Stamp Out:** DSA Submittal ETA 12/17/12, ETA 9/20/13

**Description:** The Design team continues with the programming design phase. **Current Issues:** Final space requirements have been submitted by the users, and the design team is in the process of finalizing the programming documents. Once received, the project can proceed with a design build RFP. The project is now anticipated to have a Design Build RFP advertised sometime in August of 2011 with a design start ETA of last September.
**Engineering Technology (T) Building**

**Project Title:** Engineering Technology (T) Building

**Project Budget:** $34,418,250

**Architect/CM:** MDWF

**Design Status:** Programming

**Percent Complete:** 50%

**DSA Stamp Out:**
- DSA Submittal on 8/30/11
- DSA Stamp Out ETA 6/4/12

**Current Issues:** Final space requirements have been submitted by the users, and the design team is in the process of finalizing the programming documents. Once received, the project can proceed with a design build RFP. The project is now anticipated to have a Design Build RFP advertised sometime in August of 2011 with a design start ETA of late September.

**Language/Speech/Visual Arts “C” Building**

**Project Title:** Language/Speech/Visual Arts “C” Building

**Project Budget:** $21,827,550

**Architect/CM:** TBD

**Design Status:** Programming

**Percent Complete:** 95%

**DSA Stamp Out:**
- DSA Submittal ETA 2/13/12
- DSA Stamp Out ETA 11/16/12

**Current Issues:** The design team has met with the users to verify final space requirements. A potential phasing plan has also been submitted by the Design Build team for the relocation and renovation of the Radio Station and Journalism Dept. This plan has been approved by the District, and the Design Build team has begun meeting with the C Building design committee to develop a feasible construction phasing plan. Final programming draft documents have been submitted to the District for review, and a review meeting was held on March 29th. Before the programming documents are approved, further discussions with the City College administration must take place to discuss space utilization and the inclusion of additional classrooms in the programming of this project. It is anticipated that this will take place in late April, with finalized programming documents by the beginning of May.

**Date of Update:**
- Engineering Technology (T) Building
- Language/Speech/Visual Arts “C” Building

**Renovate “M” Building**

**Project Title:** Renovate “M” Building

**Project Budget:** $9,687,750

**Architect/CM:** HGW Architects/CW Driver

**Design Status:** RFP/Planning

**Percent Complete:** 15%

**DSA Stamp Out:**
- DSA Submittal ETA 2/1612
- DSA Stamp Out ETA 11/21/12

**Current Issues:** Programming meetings have been held to establish space needs for each program. Due to the potential of seismic faulting in the vicinity of this part of the campus, these programming meetings are on hold until a faulty study can be performed. Based on the findings of this study, the design team will need to evaluate the occupancy classification for the new building program, and there has been some discussion regarding whether or not this project needs to be coordinated in conjunction with the D building roof project. The District has initiated the fault study, and once completed, the findings of the study will enable the District to fully determine the occupancy classification of the M building, as well as further coordination with the D building. The faulty study is anticipated to be completed within the next 2-3 weeks.
