Description: The design team has completed the response to the DSA comments, and the resubmittal design package backcheck appointments have been held for Access Compliance and Fire/Life Safety. Structural comments have been addressed and were submitted to the DSA on January 18th. A DSA backcheck appointment was held on February 15th, and due to scheduling conflicts with DSA final stamp out is anticipated for the week of March 11th. The design team will continue to meet with the users to finalize the interior finishes and colors. The project team is in the process of developing the bid packages in anticipation of a bid advertisement at the end of March.

Description: The Central Plant Expansion DSA Set is complete, and was submitted to DSA on 4/14/10. Based on DSA comments, a revised Geotech report is required before DSA will stamp their final approval of the design. In order to obtain the revised Geotech report, the contractor has completed the over excavation and recompaction of the building pad, and the Geotech Engineer as started to finalize the revised geotech report. This report should be completed within the next two weeks, and then submitted to DSA for review and approval. It is now anticipated that DSA stamp out of this design package will occur by 4/26/11.

Science Building Rendering
### Engineering Technology (T) Building

**Project Budget:** $34,418,250  
**Architect/CM:** MDWF  
**Percent Complete:** 95%  
**Description:** The Design team continues with the programming design phase. Current Issues: The Design team continues with the programming design phase. A meeting was held on January 14th to review requested space versus available space. As a result of this meeting, the City College administration will be able to work with their departments to make adjustments to requested space with the goal of fitting into available space. Final space requirements were due by February 18, however not all of the departments have submitted them to date. Until the final space requirements are submitted, the project cannot proceed with a design build RFP. The project is now anticipated to have a Design Build RFP advertised sometime in August of 2011 with a design start ETA of late September.

**DSA Stamp Out ETA:** 12/17/12  
**DSA Stamp Out ETA:** 9/20/13

### “D” Building Roof

**Project Budget:** $3,082,000  
**Architect/CM:** Mele Amantea/TBD  
**Percent Complete:** 100%  
**Description:** The design team continues with the DD phase of design. The anticipated cost of the new roofing pedestal system, as well as the additional cost of the ceiling replacement in the space below, have caused a significant increase to the project estimate. While the design documents have been approved with comments, and the design team can proceed with the CD phase of design, there is some discussion on whether this project will need to be coordinated in conjunction with the M bldg project. Progress with design is pending a fault study for the M building project.

**DSA Stamp Out ETA:** 8/01/12

### Language/Speech/Visual Arts “C” Building

**Project Budget:** $21,827,550  
**Architect/CM:** TBD  
**Percent Complete:** 95%  
**Description:** The design team has met with the users to verify final space programming before proceeding to the conceptual design phase. A potential phasing plan has also been submitted by the Design Build team for the relocation and renovation of the Radio Station and Journalism Department. This plan has been approved by the District, and the Design Build team has begun meeting with the C Bldg. design committee to develop a feasible construction phasing plan. Final programming draft documents will be submitted to the District by March 4, 2011. Once the District reviews and issues approval, the project can proceed to the conceptual/schematic design phase of the project.

**DSA Stamp Out ETA:** 11/16/12

### Renovate “M” Building

**Project Budget:** $9,687,750  
**Architect/CM:** HGW Architects/CW Driver  
**Percent Complete:** 15%  
**Description:** Programming meetings have been held to establish space needs for each program. Due to the potential of seismic faulting in the vicinity of this part of the campus, these programming meetings are on hold until a fault study can be performed. Based on the findings of this study, the design team will need to evaluate the occupancy classification for the new building program, and there has been some discussion regarding whether or not this project needs to be coordinated in conjunction with the D building roof project. The District has solicited price proposals for the fault study, and once received the fault study will be done. It is anticipated that this will take place within the next two to three weeks, and a fault study could begin as early as April.

**DSA Stamp Out ETA:** 6/07/13

### Construct Child Development Center

**Project Budget:** $11,048,165  
**Architect/CM:** Carrier Johnson  
**Percent Complete:** 50%  
**Description:** Construction of a new Child Development Center at City College. Current Issues: The design has been submitted to the State, and is pending final determination as to whether or not the project will receive state funding.

**DSA Stamp Out ETA:** 9/06/12  
**DSA Stamp Out ETA:** 6/07/13

### “A” Building Renovation

**Project Budget:** $28,928,250  
**Architect/CM:** MDWF  
**Percent Complete:** 95%  
**Description:** The Design team continues with the programming design phase. Current Issues: A meeting was held on January 14th to review requested space versus available space. As a result to this meeting, the City College administration will be able to work with their departments to make adjustments to requested space with the goal of fitting into available space.
