## Transfer Admission Eligibility

All transfer applicants must meet the following requirements to be considered for admission:

- Complete a minimum of 60 CSU-transferable semester units.
- Complete General Education (GE) requirements in written communication, oral communication, critical thinking, and mathematics with a “C” or higher in each course.
- Earn a minimum 2.0 cumulative CSU-transferable GPA. Applicants must meet this GPA at the time of application and must maintain the GPA prior to transfer.
- Be in good standing at the last college or university attended.

Applicants who meet the requirements listed above will be ranked based on the completion of lower division General Education and preparation for the major coursework. Out-of-service area applicants will be selected based on a GPA ranking that may be higher than the major GPA. Visit [www.sdsu.edu/admissions](http://www.sdsu.edu/admissions) for details.

## Impacted Major Entrance Criteria

In order to be admitted to this major at SDSU, students must meet both the transfer admission eligibility requirements listed above and also the following impacted major entrance criteria:

- Complete SDSU’s MATH 150, 151, 245, and 254 (or approved equivalent transfer courses).

Students who do not meet the impacted major entrance criteria prior to transfer will be required to complete these requirements at SDSU prior to enrolling in any upper division courses.

---

* NOTE: This planning guide is based on existing articulation agreements and the SDSU 2012-2013 catalog; it is subject to change by the receiving university. For more information, please see a counselor, consult the SDSU catalog, reference [www.assist.org](http://www.assist.org), and/or contact the SDSU department at (619) 594-6191.

Updated 08/12
Notes

- **Auxiliary Area:** Students are required to complete a minimum of 11 units (lower or upper division) from an area to which mathematics may be applied. These may be completed at SDSU or community college. See the SDSU catalog under "Mathematics" or contact the SDSU Mathematics Dept at 594-6191 for more information.
