

Edwidge Dupard

-“Edwidge always has a great attitude and always goes above and beyond for students. She takes pride in her work and also takes leadership in organizing wonderful events for FYS. She is a team player and is a great example of providing the Ultimate Student Experience.”

-“In my short time-as an employee for San Diego City College, I have observed how professional and kind, Ms. Dupard is to all those she works with and serves at San Diego City College. Especially our students at San Diego City College. My first encounter with her, came about as I started as a new employee at City College. She automatically welcomed me and did not look down on me-just because I had a lower title than hers or saw me as-just some clerk. In fact, her interactions with students, staff, and administrators proved to be genuine and consistent then and now. She embodies a compassionate and self-less attitude that instantly makes all those around her, feel included and loved. She is role model and mentor to the students she leads and supervises at the Peer Advocate Program. She leads & empowers her team to be their best! I am always amazed by all the long hours (behind the scenes)she commits to the students-that she serves at City College. That speaks highly of her work ethic.

-“Edwidge is an amazing employee at City College who always goes above and beyond for students and staff. She has the ability to connect with everyone she meets. She works extremely hard to ensure that the peer lab meets the needs of students. When helping students through the matriculation process, she goes the extra mile in connecting students to proper resources and staff to provide support.”
